

**Forging relationships that inspire academic and personal growth since 1964**

-November 11, 2009

Three “Tutor & Teacher Nights” were held this fall to give teachers and tutors the venue to discuss strengthening connections between classroom and tutoring time. A evening event was held at all three middle school locations, Fletcher-Maynard Academy, King Open School, and Cambridgeport School.

Volunteer tutors and teachers spent some time together to learn about their student’s progress, challenges and what each party held as expectations for the coming year. The event gave tutors, teachers and students the opportunity to meet and share strategies on how to continue to help the students improve their grades, strengthen study habits and create an even more positive education experience. Teachers and tutors exchanged emails with the plan of keeping each other up-to-date as students progress throughout the year.

Each event was a great success, due in part to generous donations of pizza and salad from a variety of great local restaurants. Tutoring Plus would like to thank the following Cambridge restaurants for pizza and salad donations to each of the three events. Hi-Fi Pizza at 469 Massachusetts Avenue for their donation to the Fletcher-Maynard event, Cambridge Coffee & Pizza at 847 Cambridge Street for their donation to Cambridgeport event and Snack Bar at 691 Cambridge Street for the evening at King Open.

Tutoring Plus of Cambridge has been serving Cambridge youth free of charge for over 45 years. Tutoring Plus recruits volunteer tutors to spend one-hour per week with a student over the semester or school year or, in some cases, over many years to assist on homework, study skills, test prep, science enrichment or college applications. Tutoring Plus relies on grants, event sponsorship and private donations. If you’d like to give to Tutoring Plus or would like to learn more, please visit [www.tutoringplus.org](http://www.tutoringplus.org).
